

1

Find and copy one word which is a synonym for 'isolated'.

remote

2

Summarise what you have learnt about penguins from this text in 30 words or fewer.

Pupils' own responses, such as: There are 18 different species of penguin. They can be large or small and live in lots of different places across the world, not all of them are cold.

3

This is an extract from a longer text about penguins. What do you think the author may have included in the rest of the article?

Pupils' own responses, such as: I think the rest of this article could include information about what penguins like to eat, how they live and any threats that they face.

4

How tall can the largest species of penguins grow to?

The largest species of penguin can grow to 120cm.

5

What can you infer from the illustrations and photographs that have been included?

I can infer that penguins live in groups and that they look after their chicks in pairs. I can also infer that penguin chicks are small, grey and fluffy.
