

There's a power in the music

When you're feeling lonely and you don't know where to turn,
Hopes and dreams are fading and your bridges start to burn,
Just remember when you look a friend is always near,
So let your voice sing out again so everyone can hear,

There's a power in the music, there's a spirit in the song.
When our voices join together, we are fearless, we are one.
And we feel a sense of freedom as it carries us along.
There's a power in the music, and a spirit in my song.

Sometimes you feel nervous and at other times you're shy,
Lose your sense of purpose and the will to stay and try,
Then I see you smiling as the music starts to play,
You hear the beat resounding as the music starts to play,

There's a power in the music, there's a spirit in the song.
When our voices join together, we are fearless, we are one.
And we feel a sense of freedom as it carries us along.
There's a power in the music, and a spirit in my song.
